FAQs

Are there any countries where I cannot promote Kindred Group brands?

Players from the following territories are not accepted at Kindred Group:

Afghanistan, Algeria, Angola, Austria, Bulgaria, Czech Republic, Greece, Democratic People's Republic of Korea, Ecuador, Egypt, Eritrea, Ethiopia, Guadeloupe, Guam, Guinea-Bissau, Haiti, Hong Kong, Iran, Iraq, Ireland, Jordan, Kuwait, Myanmar, Pakistan, Philippines, Portugal, Russia, Slovenia, Somalia, South Sudan, Spain, Sudan, Syria, Turkey, Turkmenistan, United States of America and other U.S. territories, Uzbekistan, Venezuela, Yemen or Zimbabwe.

Due to the ongoing re-regulation of the Dutch gaming market, affiliates are not able to promote any of our brands on Dutch-facing websites to Dutch residents.

How does it work?

Our affiliates send traffic to our sites via tracked links. When this traffic converts into a new player registration, we reward the affiliate that generated this new player with a commission payment.

What types of affiliate deals do you offer?

We have a very competitive Revenue Share reward plan, which increases its revshare percentage as your monthly net revenue increases. We also offer the option of hybrid reward plans and CPA deals. More information can be found [here](#)

What is a sub-affiliate?

A sub-affiliate is a new affiliate which is referred by an existing affiliate of Kindred Affiliates. Existing affiliates can refer new affiliates via their unique sub-affiliate link, which can be found in the 'My Account' section when logged in. Once your referred affiliate has signed up, you can achieve additional earnings for every customer that your sub-affiliate sends to us. Easy!

Banners & Text Links

Once your Kindred Affiliates account has been approved, you will be able to log in and find a range of text links, banners and more in the 'Media Gallery' section of our interface. You will receive details to access your account and you can log in through our website:

www.kindredaffiliates.com

Step 1 – Log in to your affiliate account through our website. You will be directed to your personal homepage which looks like this. Click on the media gallery tab:

Step 2 – Once you are in the "Media Gallery" you will come to a filter button which will allow you to search by brand, product, language, size etc

Once you have picked your preferred filter combinations, press "search" and the relevant results will appear

Banners & Text Links

Step 3 – All matching results will show up beneath the search function, so you can see which banners best suit your site. The bottom right corner of each media item has this icon: “</>” which will allow you to get that media item’s code

The screenshot shows the Kindred Affiliates Media Gallery interface. At the top, there's a navigation bar with the logo and 'Media / Media Gallery'. Below that, there are filter buttons for 'Media Sections: New Media', 'Languages: English', and a search button. The main area displays a grid of media items. Each item has a thumbnail, a title, and a small icon in the bottom right corner representing a code editor. One item is highlighted with a red arrow pointing to its code editor icon.

Step 4 – Once you have clicked on the relevant media source, a drop down menu will appear. The first column is the “marketing source” option which is important for affiliates with multiple marketing sources under their account. Select the relevant marketing source, (this will then automatically update the codes below) and then copy the code to your site!

The screenshot shows the 'Get Code' modal for a specific banner. It has a title bar with '22493 - UK Unibet Sportsbook Football 2016/17 Premier League 300x250 300x250 Banner' and buttons for 'Statistics', 'Summary', and 'Get Code'. The main content area is divided into three sections: 'Marketing Sources' with a dropdown menu showing 'kindred affiliates - http://www.kindredaffiliates.com' and a red arrow pointing to it; 'Deep Linking' with a text input field containing a URL; and 'Javascript' with a text input field containing a script tag.
